Craig,
 Our home phone is **FX-6 Personal Privacy**. If you are there tonight, I can swing by there.
 I am home tonight - won't be tomorrow.
 Chris

Chris - Its no problem whatsoever; its the least I can do. According to Mapquest, your house is only 9 minutes from the Radisson Hotel. Again, I will drop by your house tomorrow late afternoon/early evening. I can call when I am on my way. What is your telephone number? Thanks again, Craig

Craig,

My address is **FX-6 Personal Privacy**
FX-6 Personal Privacy

Please do not worry about the documents - if I do not get them tomorrow, then I can get them later. There are so many documents to read - and this has been scanned in by DTSC - that I have plenty to read.

I do not want to put you under any pressure. Don't we have a July 15th meeting? If it does not work for you tomorrow, then I could get them then.

Are you meeting with DTSC? You could leave the document with DTSC - Susan Callery for me to pick up.

There is enough stress from this site - do not let this cause you any problems.

Chris

Chris - I am in meetings all day tomorrow and will not be able to get over to your house until late afternoon/early evening. Could you remind me of your phone number and I will definitely call when I am on my way over. Thanks again for your help on sharing this information.

I will forward Luis your email below about your request to obtain more information about TASC.

Thanks,

Craig

Craig,

I should be home tomorrow - the 30th, from about 11:00 - 1:00 PM. I would love to meet you for lunch if you have the time.

When I am not home, my husband should be home after about 1:30 PM. He is a college professor, and he only has one class right now. So you could leave the documents with him. And if you call first, if he is napping, then he would be at the door when you come.

I really want the TASC group involved, but my Board just does not understand it. Is there anyway to get Luis back down here to the SSMAC on July 27th?

Thank you.

Chris

Cooper.Craig@epamail.epa.gov writes:

Good morning Chris - Thank you for providing me with a copy of DOE's response (dated March 18, 2009) to your FOIA concerning the SSFL site. I have scanned this information and will return the hard copies to you. It happens that I will be at the SSFL on June 30th for a meeting and can stop by your house some time in the late afternoon/evening of June 30th.

I don't know the exact time I will be able to drop by so if you are not home is there a secure place that I can leave these documents (such as under your front door mat).

Thanks,
Craig
